F20 Ice Cuber Unit

F20

Temperature

Dimensions (mm)

W 385 D 445

H 700

Capacity

20 KG 24hr

Unpacked Weight

45 KG

Features & Benefits

The Foster Ice Maker Range offers high output, top quality ice production, excellent build quality, stylish good looks and a superb choice of models - all in one outstanding value-for-money package

- Innovatively designed with new user-friendly electro-mechanical controls to ensure reliability
- The models also incorporate a condenser thermostat, which ensures a full harvest of cubes
- Produces ultra cold square cubes that last longer in the glass, ice bucket and the machine's storage bin
- Uses as little as 5 litres of water to produce 1 kilo of ice - important where water is metered.
- The new flush system ensures clear ice free from impurities and eliminates the risk of lime-scale

Ice Cube Size	
Cube - 31 x24 x26mm	
External Finish	
304 Stainless Steel	Standard
Internal Finish	
White Foodsafe	Standard
Base Fittings	
Legs	Standard

Refrigeration	
Integral	Standard
R134a	Standard

Electrical Data & Service Information	
230 Volts	Standard
50Hz	Standard
60Hz	Option
1 Phase	Standard
Running Watts	320
Running Amps	2.0
Thermal Heat Rejection (W)	TBC
Noise (dBa @ 1m)	TBC
Fuse Required (A)	N/A

Footnotes

- Output: The output figures quoted are based on 10oC water input and ambient air temperature
- Dimensions: Legs provided as standard to increase height for drainage where required - 180cm maximum height increase
- Note: A minimum clearance of 15cm (6 in) must be left at the sides of the machine for routing cooling air drawn into and exhausted out of the compartment to maintain a proper condensing operation.
