

Slimline and 410 Ranges

safe food storage at affordable prices

The Slimline range offers all the performance and quality you would expect from Foster. This range provides two cabinet models in addition to the 410 cabinet, designed to cater for all your refrigerated food storage requirements but at highly competitive prices.

Slimline Cabinets

The range of Foster Slimline cabinets are a perfect introduction to high performance, high quality commercial refrigeration at a very attractive price.

- Two capacities - one door, 400 litres and two door 800 litres
- Forced air system designed to operate up to 40°C ambient (Climate Class 5)
- Three temperatures - +1/+4°C refrigerator, -2/+2°C Meat and -18/-21°C freezer
- Electronic temperature display for accurate control; with LED display for easy visual reference, recessed for protection
- Removable door gasket
- Bottom mounted refrigeration system draws air from the cooler part of the kitchen ensuring efficient operation and lower running costs
- Forced air refrigeration for efficient operation, even temperature distribution and food recovery
- Automatic defrost for hassle-free operation
- Foster build quality for durability in use

410 Space Saver Cabinets

The low cost Foster 410 range is perfect for the smaller business or for large chains with a specification that outshines all other budget products on the market.

● Storage Cabinet 410 stainless steel optional finish

- Professional specification at value-for-money prices designed to meet your budget
- Ideally suited to smaller outlets such as cafés or takeaways
- Slimline footprint (i.e. non-gastronom) for narrow work spaces or difficult access
- Choice of two storage temperatures, refrigerator +3/+5°C and freezer -18/-21°C
- Stainless steel exterior/aluminium interior as standard
- Removable gasket for easy cleaning
- Door lock for security
- Roller castors to rear as standard for easy mobility

New Vino Wine Cabinet

Combining good looks with outstanding capacity at a great price

FVINO400HW showing shelves tilted

Vino WINE CABINET

The Foster Vino Cabinet is the ideal choice for those looking to store large quantities of wine in a stylish way.

- Lockable door for maximum security
- Massive capacity 156 75cl. bottles with a slim footprint
- Black coated steel exterior and curved glass door make the Vino suitable for front of house locations allowing maximum impact
- Anti-UV ray lighting and double glazed door protect against content spoilage
- Coloured fluorescent lighting - warm lighting improves display
- Plastic coated sliding shelves for safe storage
- Shelves can be flat or tilted for maximum product visibility and capacity
- Single or multi temperature functionality - store wine at different temperatures in the same cabinet!

MULTI-TEMP

MONO-TEMP

The Vino cabinet cleverly allows the user to choose between two temperature settings:

Multi Temp: The new, intuitive Vino controller allows a variety of wines to be efficiently stored at different temperatures at the same time within the cabinet.

Mono Temp: Choose a single temperature setting for the whole cabinet.
